

## Summer 2022 (July-August)

### Therapeutic Social Learning Groups for Children ages 3-6

We will be offering summer groups for children ages 3-6 on a weekly basis throughout July and August. Group sessions further develop and expand on the goals your child has learned in individual sessions with their Speech Language Pathologist. Social Learning groups will further prepare your child for school. Working in a group your child will constantly be engaged in a variety of social situations with peers, where therapists can observe your child's social interpretations, and give immediate guidance to encourage positive interactions.

#### Buddies Club Group (ages 3-6)

The tools used in this group include the Social Thinking® We Thinkers Curriculum, written by Kari Zweber Palmer, Nancy Tarshis, Ryan Hendrix and Michelle Garcia Winner, SCERTS model, and some basic executive functioning resources.
